

Name: von Ballmoos, Christoph

Born July 26th 1974

Citizen of Heimiswil (BE), Switzerland

Appointments

- April 2014 - , Assistant Professor (Tenure Track), Department of Chemistry and Biochemistry, University of Berne, Switzerland
- Jan 2012 – April 2014, Faculty Member and Principal Investigator at Department of Biochemistry & Biophysics, Stockholm University, Sweden. Funded for 4 years by the Swedish Research Council (Vetenskapsrådet, VR), 25 % of salary paid by the Department
- May 2006 – July 2008, Group Leader (Peter Dimroth), Institute of Microbiology, ETH Zürich.

Professional preparation

- Postdoc with Prof. Peter Brzezinski at Department of Biochemistry & Biophysics (DBB), Stockholm University, Sweden, 2008-2011. Financed by a 3 year fellowship for advanced researchers from Swiss National Science Foundation (SNSF)
- Postdoc with Prof. Peter Dimroth at Institute of Microbiology, ETH Zürich, Switzerland, 2005-2006
- Doctor of philosophy (PhD) with Prof. Peter Dimroth at Institute of Microbiology, ETH Zürich, Switzerland, 2001-May 2005
- Master thesis with Prof. Joseph Brunner, Institute of Biochemistry, ETH Zürich, 1999-2000
- Exchange term at Université 7 in Paris, France. Six months laboratory work in the group of Dr. Uriel Hazan on HI Virus, 1998
- Studies of biology/biochemistry at the ETH Zürich, Switzerland, 1995-2000

Invited talks, selected

- Centre of Excellence Symposium, University of Frankfurt, Germany. October 2015
- Department of Chemistry & Biochemistry, University of Berne, Switzerland. February 2013
- European Bioenergetics Meeting (EBEC), COST session, Freiburg, Germany. September 2012
- Department of Microbiology & Immunology, ETH Zürich, Switzerland. February 2012
- Department of Chemistry, Imperial College London, UK. March 2010
- Gordon Research Conference, Molecular & Cellular Bioenergetics, Andover, NH, USA. June 2009
- Gordon Research Conference, Protons & Membrane Reactions, Ventura, CA, USA. February 2009
- Department of Pharmacology, University of Cambridge, UK. November 2007
- Department of Biochemistry & Biophysics, Stockholm University, Sweden. October 2007
- FASEB conference, Transport ATPases, Vermont, USA. June 2007
- Department of Chemistry & Biochemistry, University of Berne, Switzerland. April 2007
